

We would like to take this opportunity to let you know that as from the first week in June we have chosen Vets Now to take on the out of hours provision and care for our pets.

They will always be there for you when we are closed so you can be assured that you and your pet will continue to have top level and round the clock care when you need it.

We shall, however, continue to provide care at Kirks Vets, Sleaford until 10pm during weekdays and also be open during the day on Saturdays and Sundays.

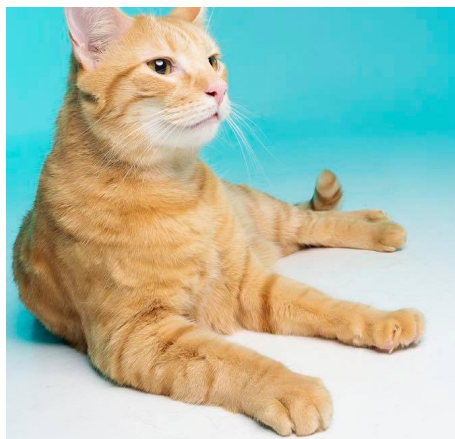

If you do have an emergency or simply need some advice Vets Now have highly trained vets and nurses on hand for you when we are closed. By using Vets Now it will enable us to continue to provide top quality care on which we pride ourselves.

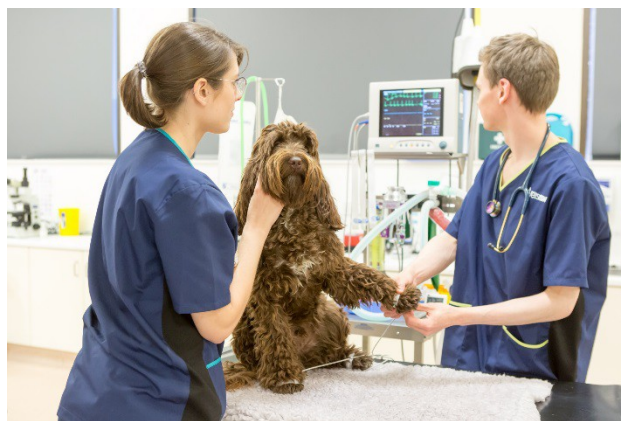

It is always best to phone us first as we will either be there to receive your call or there will be an answer phone service with the relevant contact details for you.

Vets Now can either give you immediate free advice or can arrange an appointment for you. Please don't hesitate to call them if you are worried.

Please be aware that because of the nature of Out of Hours emergencies, a night-time or weekend appointment

will be more expensive than seeing a vet during normal working hours. Vets Now will discuss pricing with you at the time of appointment and before commencing any treatment. Please consider pet insurance to give you peace of mind that your pet will be able to receive the best possible care 24 hours a day.

We expect most of our clients will be using mainly the Lincoln site but for those of our clients, for example around Grantham, the Nottingham clinic may be closer. The addresses, contact numbers and directions are below:

For more details, maps and directions, go to: www.vets-now.com/find-an-emergency-vet

Local directions to Vets Now Lincoln:

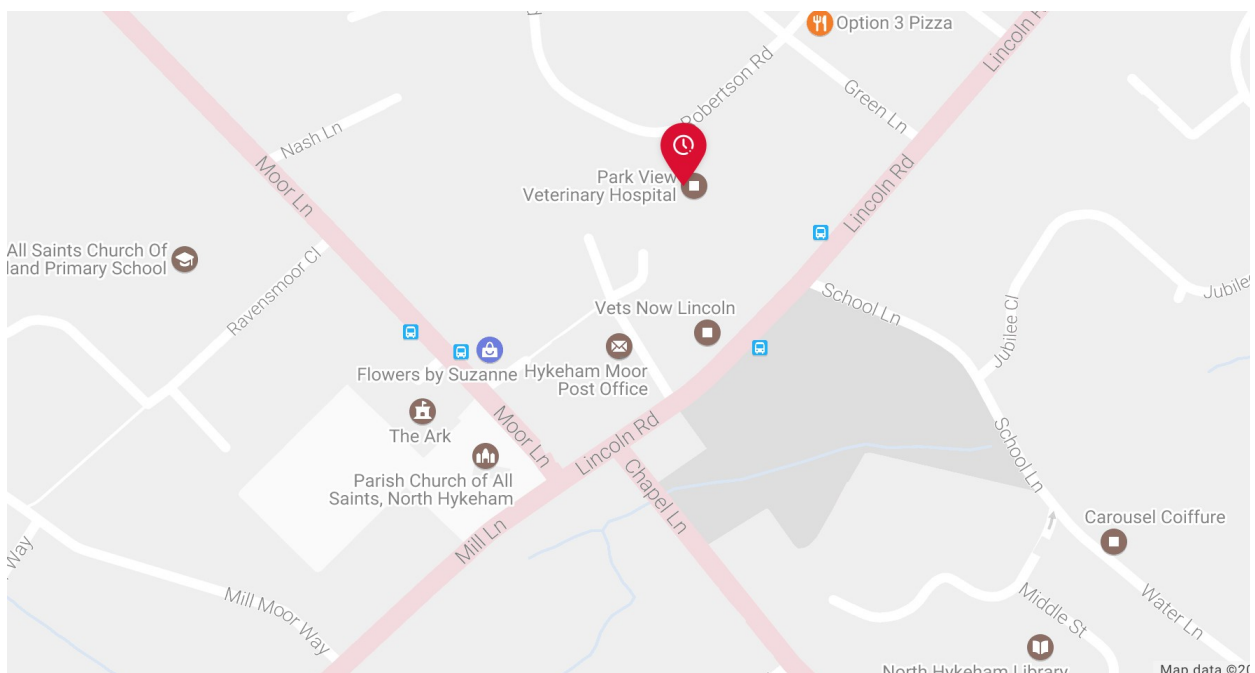

Vets Now Lincoln
Hykeham Green
North Hykeham
LN6 8NH
01522 718556

From Sleaford:

Take the A15 / Lincoln Rd for about 10 miles. Turn left onto Tower Ln / B1178 and continue for 2 miles. Turn right onto Grantham Rd / A607.
